Please save the date for the 2019 Annual Meeting, to be held on Sunday, August 25, starting promptly at 9 AM. There will be no Sunday church service on that day. A potluck will follow at approximately 1 PM.

An important topic for discussion will be the latest update on the Grove rebuild. We will also vote for four board positions: Vice President, Financial Secretary, Director of Education, and Psychic Fair Trustee. Nominations close on July 11.

Our architectural design team at Hubbell & Hubbell have created a 3D rendering of the proposed church. The photographic mock-up shows

the siting of the church. Two entrances are shown: one from the Green, that opens into the altar area, as well as an entrance from the side patio, which adjoins the

parking lot.

We are excited about the progress we have made with the County. Stay tuned as to the approval of the church building. A set of rebuilding

guidelines for residents has been developed by the HGSA Rebuild Committee. The guidelines were reviewed by rebuilders, HGSA's board and legal counsel, and were subse-

quently revised and approved by the HGSA Board of Directors.

See you on Sunday, August 25, 9 AM for this important membership meeting!

SUMMER MEETUPS

We are happy to announce that three Meetup events are planned at HGSA this summer.

On June 23, Associate Minister Marreena Appleton took us for a Spiritualist's walk on The Camino in Spain.

Associate Reverend Claudia

Leonesio will have a Lunasa-Lammas, or Early Harvest ceremony, on July 28.

On August 18, Rev. Annette Cavender will explore the Akashic Records with us.

The Meetups are held on Sunday from 4 to 6 PM, with a love

donation of \$10.

If you would like to present a Meetup topic, please contact the Recording Secretary at hgsarecsec@gmail.com.

**FUND-RAISING AND
PROPOSED CHURCH DESIGN**

We hope you have enjoyed seeing the church design as we have!

The following sketches from our architect show two ways of viewing the church design.

The bottom design depicts the stairs (on the left of the drawing) in front of the altar area. There is also a patio with a ramada on the side facing the parking lot (at the bottom of the drawing). There is a bookstore, bathrooms, two classrooms, and two offices.

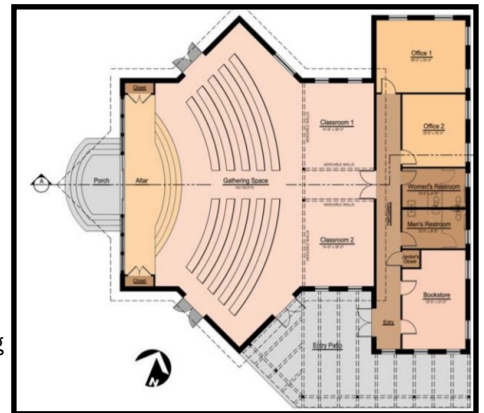

The top drawing is interesting. It shows a view of the church looking north, but from the center of the church. It shows the rise in elevation

from the stairs. It also shows the relative sizes of the altar, gathering space, classroom, and bookstore.

We know that not all expenses will be covered by insurance. Donations will soon be solicited from members and the broader community. It is hoped that the 3D rendition and these drawings will assist in our fund-raising effort.

Funds will be used to pay for items not completely covered by insurance, such as roads, an entrance gate, grading and debris removal.

If you feel you can help in fund-raising effort, please contact us at hgsarecsec@gmail.com.
